

Yellow Gas Extinguishing Release Point, Surface/Flush

Part No. **BF372SS**

Overview

- Certified to EN54 Part 11.
- Can be used on an automatic extinguisher system to remotely trigger the gas release sequence.
- Smooth-action resettable element mimics the feel of breaking glass.
- Supplied with a yellow surface back box, reset key and 'Not in Use' label (yellow flush mounting plate also provided to facilitate optional flush mounting).
- LED 'alarm ring' illuminates call point face upon activation.
- Photoluminescent operating window remains visible for up to 5 minutes.
- BF372SF flush-mounting only version also available.

Technical Specifications

Approvals/certifications	Certified to EN54-11 by the LPCB
Supply/operating voltage	4.5-30Vdc
Product dimensions (mm)	87 W x 88 H x D 62mm (includes back box).
Construction & finish	Yellow ABS.
IP Rating	IP42.
Weight	TBC.
Properties	Supplied with a 470Ω & 680Ω resistor (value selected by wiring connection).
Operating conditions/temperature	-30°C to +70°C.
